

# We open the glass door for foreign academics

## A CONCRETE INITIATIVE THAT MAKES A DIFFERENCE!

Jobbsprånget gives you as an employer the opportunity to easily utilise the skills of newly arrived academics. We match your skills needs with relevant candidates who are currently outside the labour market. On average, our candidates have applied for 200 jobs in Sweden, without success. After four months with Jobbsprånget, the majority of interns get a job. They have the right skills but have never had the chance to show it.

Jobbsprånget opens the glass door for foreign academics and makes it easy to combine business gains with benefits for society!

- Are you in need of academic skills?
- Is diversity an important issue for you?
- Would you like to contribute to a more inclusive society?

### WHAT IS JOBBSPRÅNGET?

Jobbsprånget is a well-proven national internship programme that accelerates the path to employment for graduates with a foreign background. Jobbsprånget matches engineers, economists, scientists and architects with participating employers all over Sweden that have skills needs to fill. Through the internship, the candidates become part of a professional network in Sweden, improve their Swedish, and the majority also end up getting jobs.

## WHO CAN APPLY FOR AN INTERNSHIP?

Jobbsprånget is aimed at newly arrived academics with degrees in engineering, economy, natural sciences or architecture. Applicant candidates have good knowledge of English and are registered with the Swedish Public Employment Service.

## WHAT IS EXPECTED OF YOU?

It doesn't cost you anything to offer internships via Jobbsprånget. You choose how many and which candidates you want to offer internships. Your undertaking is simply to:

- Assist with mentors for four months
- Interview at least one candidate per internship
- Carry out the recruitment at Jobbsprånget's application portal

## IT IS EASY TO PARTICIPATE!

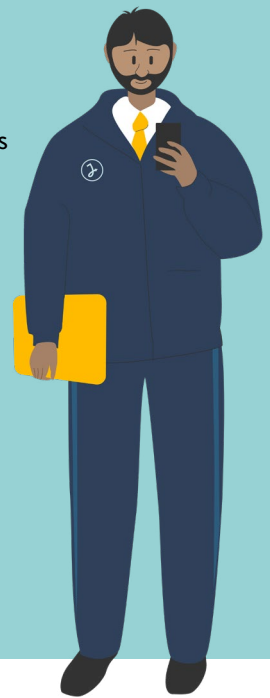

Jobbsprånget has a well-functioning internship model based on simplicity along with many years of experience. Application, selection and recruitment takes place via Jobbsprånget's application portal and the interns receive compensation and insurance via the Swedish Public Employment Service. We support you throughout the period with:

- Personal contact
- Free mentor training
- Programme guide with concrete tips
- Internship agreement
- Handling of all contact with the Swedish Public Employment Service

## TOGETHER WE MAKE A REAL DIFFERENCE!

Since the start in 2016, hundreds of employers have offered internships via Jobbsprånget. Today, all types of employers from all over the country participate – large, small, private and public. As an employer, you get access to relevant skills and at the same time contribute to a more inclusive society.

- ACADEMIC SKILLS
- SOCIAL SUSTAINABILITY
- PARTICIPATION AT NO COST

## SOME OF OUR PARTNERS:

Jobbsprånget is run by the Royal Swedish Academy of Engineering Sciences with funding from the Knut and Alice Wallenberg Foundation and the Swedish Agency for Economic and Regional Growth.
