

# Integrating Business Value with Social Impact

## An initiative that makes a difference

Jobbsprånget offers you as an employer the opportunity to access the skills of foreign-born academics. We match your competency needs with qualified candidates who are currently outside the job market.

On average, our candidates have applied for 200 jobs in Sweden without success. After a four-month internship, the majority secure employment. They have the right skills but have never been given the chance to demonstrate them.

## SKILLS WE OFFER

- IT / Tech
- Engineering
- HR
- Sales
- Finance/Economy
- Logistics
- Science
- Marketing
- Architecture
- Project Management

## What is Jobbsprånget?

Jobbsprånget is Sweden's largest internship program, and a fast-track to the job market for academics with a foreign background. We connect academics with employers' competency needs across Sweden. Through the internship, candidates gain a professional network and an opportunity to showcase their skills – with the majority securing jobs after completing their internship.

- ✓ **ACADEMIC COMPETENCE**
- ✓ **COST-FREE PARTICIPATION**
- ✓ **SOCIAL SUSTAINABILITY**
- ✓ **CONTRIBUTE TO BUSINESS VALUE**

# It is easy to participate

Jobbsprånget has a well-established internship model built on simplicity and years of experience. Application, selection, and recruitment are managed through our application portal, and the interns receive compensation and insurance through Arbetsförmedlingen. Employers receive:

- Four months of access to skilled talent
- Free participation
- Complimentary mentor training
- Assistance with internship agreements

## What is required of employers?

Offering internships through Jobbsprånget is free of charge. You decide who you want to offer an internship to. The only commitment required is to provide a supervisor for four months and to interview at least one applicant per internship position.

**6000+**

Foreign-born academics  
have completed internships  
through the program

The majority secure  
employment after  
completing the  
internship.
